Coach Winn doesn't just talk like a champion; she is a champion.

Through her WIN Philosophy and WINNER Principles, she moved herself from:

- 1) Collegiate bench warmer to two-time Olympian;
- 2) Being fired from her first coaching job to national coach of the year;
- 3) Suicidal thoughts to an in-demand motivational speaker;
- 4) Five years of debilitating chronic pain to health.

Whatever your situation is right now, you can move yourself to a WINNING position. In the next few minutes, you will be given the tool set to change your life.
